Since 2014, Owen Mooney has practiced in the firm's Insurance Law Group. He has represented and advised insurers in matters involving first-party property and third-party liability insurance. And he has defended insurers in lawsuits involving contractual and extra-contractual liability.

In his most recent trial, Owen served as second chair, defending a commercial property insurer against claims for damage caused by long-term water intrusion at a condominium complex. After a three-week trial in federal court, the jury returned a verdict in favor of the insurer.

Before joining Bullivant Houser Bailey, Owen clerked for The Honorable Nancy Saitta of the Nevada Supreme Court. In Nevada, his analysis of complex legal issues included civil and criminal procedure, constitutional rights, parentage, premises liability, and class action litigation.
